

Get Creative at Kidzart Summer Camps

Communication, Imagination & Expression!!

It's much more than s'mores and sing-alongs: Top camps provide lifelong memories and skills. When it comes to summer camp, many parents want their kids to try something new and different, have fun with their peers, but also keep their brains stimulated. Children's enrichment activities can allow them to have an entertaining summer camp experience that also enhances their development and education too.

Magic Camp: Join us this year for a camp full of surprises as we explore the wonderful realm of magic and art. We will explore with a variety of fun art materials to create magical scenes on paper and in 3-D. Paint a miniature Magician's Hut with your own magic designs. Use acrylics and canvas to create a Magic Carpet Ride masterpiece.

Creature Camp: Join us as we learn how to create wonderful creatures using a variety of fun art materials. We will work on different surfaces and also with air dry clay in 3-D. Discover how dragons got their fiery reputation, create your own creature puppet, and learn some special art tricks that will help you draw anything you can imagine! Campers will also learn about the ancient Oviraptor
